

This Boot Camp Will Be Like A LIGHTNING ROD To The Brain!

Are you ready to take your business to a higher level?

Dear Fellow Contractor:

One of the key elements in making your business a success is a simple process I call “sharpening the saw.” This is an important step in order to really get the maximum return from everything that is contained in my system.

Like the saw, the information you’re receiving are your tools, however, like the axe, if you don’t keep sharpening it you’ll expend an ever-increasing effort for an ever-decreasing return. A lot of you are too “busy” and too caught up in the fire fights you’ve created with your businesses to take the time and “sharpen your saw.”

You sharpen your saw by learning, re-focusing, adapting, implementing, and learning from your continuous efforts and by attending our dynamic Business Building Boot Camps. The return for your efforts can be an increase in profits (Troy Duff just reported profit margins exceeding 22%! Dave Bengston is clearly targeted on 30%!) or, an improvement in your business (Keith Crocker uncovered \$34,000 in overhead expenses ... now going to his bottom-line!). ALL BOOT CAMP ATTENDEES!!! The truth is, you too could be getting these results ... if you attended.

Sharpening your saw is a required procedure, whether you’re a lumberjack, carpenter or if you want to be successful with your business. This fall we’ve lined up a GREAT Business Building Boot Camp to get you there.

The Boot Camp is our “**Crunch the Numbers**” Building Profits session. You’ll work hard but you’ll walk away with your very own “Business Blueprint” to help get you on the right track. I’m also trying to set up a couple of guest speakers for this program. I’ll reveal them to you later as soon as I lock them in.

I’m offering SPECIAL pricing that is time limited so you MUST register with this registration form and include payment before the deadline.
